ABOUT *Luxe*

Pender Creative is a wedding day content creation studio built on the belief that your love story deserves to be preserved with intentionality, elegance, and authenticity. We blend a background in social media strategy, floral design, and visual storytelling to create meaningful, lasting content you'll treasure forever.

Wedding day content creation is the behind-the-scenes, real-time capture of your big day—curated for social media and storytelling. Think candid iPhone video, photo snippets, and trend-forward clips delivered within 24 hours, so you can relive and share your day instantly. It complements your professional photography and videography, not replaces it.

Dear Bride,

Thank you for considering me to be part of such a meaningful day. It's not lost on me how sacred, emotional, and beautifully fleeting a wedding day can be. The idea that I might help preserve that magic for you means everything to me.

It's an honor I don't take lightly. If you choose me, I promise to show up with intention, excitement, and a phone fully charged—ready to capture your day the way it felt. :)

With gratitude,

Pender
